

Wissensmanagement-Blogs 2008

In einer explorativen Studie über Wissensmanagement-Weblogs hat die Pumacy Technologies AG nach aktiven Knowledge Management-Blogs recherchiert und diese mit einigen Kennzahlen analysiert.

Die hier veröffentlichte Liste mit über 50 Blogs ist ein Auszug der Studie. Diese erste Auswahl wurde nach Aktivität und Themenbezug getroffen. Dabei wurden Kennzahlen zur Aktivität im Monat August 2008 analysiert. Bei mehr als 10 Beiträgen () , 10 Kommentaren () , einem Google PageRank von mindestens 5 () oder einem Alexa Ranking unter eine Million () wurden entsprechende Symbole eingetragen. Die Liste ist sortiert nach Anzahl der Beiträge im Monat August 2008. Die Blogs selbst sind thematisch sehr vielseitig und Wissensmanagement hat dabei je einen anderen Stellenwert.
